## THE AMBROSE HOTEL — SANTA MONICA, CALIF.

Soft chenille duvet covers, lush gardens and a Zen-like atmosphere make this hotel the ultimate relaxing green getaway. Tucked away in a residential part of Santa Monica just blocks from the ocean, this hotel makes a point of conserving energy and water, using non-toxic cleaners and providing preferred parking for hybrid vehicles, all without sacrificing style. The 77-room hotel features an Asian-inspired garden with a koi pond, sunset receptions with organic wines and Elixir Tonics and Teas, and natural products like Aveda and Pacifica. The best part? If you need a lift to the local farmer's market you can hop in their ultra-mod London taxi and hitch a complimentary ride. Rates are between \$185 and \$255.
